

LossShield NR (C)

INVASEAL Solutions LLP

Loss Control Material

Description

It is an established fact that for any Loss Control Material to be effective, it must be a blend of varied particle sizes and geometries. *LossShield NR (Coarse)* is a proprietary Single Sack Loss Control Material, comprised predominantly of cellulosic fibers of varied sizes and geometries, sized particles and polymers. It does not contain any metal or oversized particles. *LossShield NR (C)* has been shown to be effective when tested across 3 x 3000µ and 3 x 5000µ slot discs, 30 min duration, with 500psi differential pressure.

Specifications

Appearance	Free flowing solid material
pH of 5% solution	Between 7.0 to 9.5
Moisture content	< 10%
Residue on 2 mesh screen	Nil

Description	Recommended Dosage		Comments
Losses	Medium	Severe/Total	
Base Mud			As required
LossShield NR	50 ppb	60 ppb	

Packaging:

25lbs Multiwall Sacks
